VISION

We have a vision of creating a community of connected, confident, Indian Global Citizens.

Our goal is to motivate children to learn 'how to learn' with passion and curiosity.

We want students to gain an impetus for lifelong learning and become educated and informed leaders of the future who will collaborate, work and create to improve the quality of life.

ABOUT US

Happy Hours School is an esteemed organization that strives for excellence and our goal is to motivate children for lifelong learning. We have a vision of creating a community of connected, confident Indian global citizens. We work to instil values, learning and positive attitude in the minds of the learners to create young and promising leaders of tomorrow. Our goal is to nurture the budding blossoms with love, care and affection. As a prestigious organisation we collaborate and work to keep up the school motto. 'I am a promise, I am a possibility'. It is a platform where students are provided opportunities to learn and explore their talents and skills. We motivate learners to become reflective thinkers and give them right direction for achieving desired learning outcomes. We continuously work towards shaping the overall personality and create SMART learners.

We inculcate diverse skills through practical teaching, real-life learning, multiple intelligence and multidisciplinary approach at all levels. Through activity-based learning, we encourage the students to think critically and brainstorm their ideas. They are motivated to learn with passion and curiosity. They are regularly updated with current happenings around them in order to create informed leaders of the future. We also sensitize children towards the immediate surroundings and global issues to create a generation of environmentally conscious children as well as adults. They are inspired to become confident individuals and be willing to accept challenges.

I'm a promise, I'm a possibility

Mentor's Message

"We cannot always build the future for our youth, but we can build our youth for the future."

- Franklin D. Roosevelt

Gandhi, the Mahatma who liberated the spirit of men and made them self-reliant; a soul so noble, who excelled in the values of honesty, authenticity and integrity; an ardent nationalist, who united the country in a brotherly and harmonious bond, and left behind a splendid heritage.

At HHS, we cherish this legacy and take pride that the school values are based on realms of Gandhian Philosophy encompassing the head, the heart and the hands resulting in the all-around development of the students, who are at the helm of their learning and teachers are their facilitators.

The vision of the school is a beautiful amalgamation of tenets given by Gandhi ji in the form of 'Nai Taleem' and 21st-century skills; making the learners connected and confident global citizens. Newer ideas and innovations have become the norms that are adhered to, keeping the vision of providing a conducive environment to the learners for their optimal growth; which includes being socially and environmentally responsible.

The school focuses on the holistic development of each and every child where all aspects of the individual— intellectual, physical, social, and spiritual—are cultivated in a curriculum that integrates learning with hands-on work that prepares young people for their lives in the world. The high academic standards at HHS are maintained through intellectual firmness.

~Dr. Sangeeta Bhatia

"It's not the will to win that matters—everyone has that. It's the will to prepare to win that matters."
-Paul Bryant

CREATIVE CELEBRATIONS

Happy Hours School organised an exhibition to showcase the creativity of students on school premises. The theme of the event was 'Creative Canvas' wherein the projects made by students in holidays homework were exhibited.

It was commenced with lamp lighting by our mentor Dr Sangeeta Bhatia. The parents were invited to see the creativity of children. Students from every class participated in the event and presented different types of models. It was an endearing moment for all the performers and teachers also.

**“A creative life is an amplified life. It's a bigger life, a happier life, an expanded life, and a hell of a lot more interesting life”
- Elizabeth Gilbert**

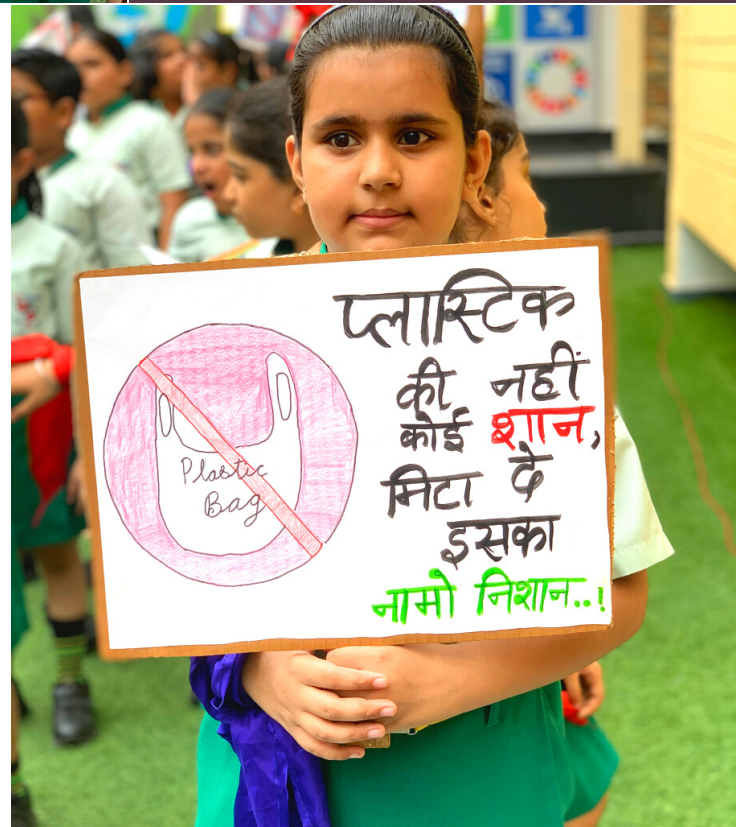

BOYCOTTING THE USE OF PLASTIC

COMMUNITY OUTREACH PROGRAM

RALLY

Happy Hours School organized "Say no to Plastic" rally in school premises in order to spread awareness amongst the students about the hazardous effects of plastic on the environment and human beings. During the rally, students presented a 'Nukkad Natak' to create an exceptional learning environment that will give returns in manifolds to society. The rally was inaugurated by the headmistress of the school Ms. Manreet narrating the slogan. The students also displayed placards with slogans to create awareness of the ill effects of using plastic, substitutes for plastic, reducing and recycling the plastics. The students took part in the rally very enthusiastically urging the campus population not to use plastic material in any form.

SCHOOL AS A NO PLASTIC ZONE

COMMUNITY OUTREACH PROGRAM

There is always strength in numbers. The more individuals or organizations that you can rally to your cause, the better.

-Mark Shields

PARENT TEACHER PARTNERSHIP PROGRAM

COMMUNITY OUTREACH PROGRAM

Happy Hours School organised Parent Teacher Partnership Program to address the parents and give information about their children. Our mentor Ms. Manreet explained the routine of students in school. The prime objective of this conference was to improve the bonding of the school with parents to find out the gaps of students after Covid. The parents shared their perspectives and experiences, keeping the children's development in mind. They were being explained how the improvement plan had been implemented at school to develop students' emotional and social skills. Our mentor, Ms. Sanjana Varman addressed the concerns of the parents and had an interactive session with them. They also discussed media content and the use of ICT in classrooms. The event ended on a good note and parents filled out the feedback form. It was helpful for school management and parents as well. It helped to develop a bond of commitment towards each other.

INTERNATIONAL TIGER DAY

JULY 29

RAISE AWARENESS FOR TIGER CONSERVATION. THEIR SURVIVAL IS IN OUR HANDS.

Toddlers' Corner

JULY, 2022

IMPORTANCE OF TREES AND PLANTS

Trees are very important, valuable and necessary to our existence as they give us food and oxygen. Our young learners were taught the things we get from trees and plants. They performed an act to show the importance of trees and their conservation to keep them safe.

CLAY MOULDING

Clay Moulding nurtures a child's creativity, boosts imagination, and imbibes self-confidence. To make learning fun for our tiny tots, they were encouraged to draw and mould the letter 'Aa'. They enjoyed the activity and it helped them to improve their fine motor coordination.

JULY, 2022

STOP, LOOK, GO!

To make the students aware of the traffic lights, an activity was conducted for grade 1 learners. They explained these lights using hand gestures. They learnt about the traffic lights quite promptly and with lots of enthusiasm.

SHOW AND TELL

Our young learners of class 1 were dressed up as their favourite family members and spoke a few lines about them. They described their favourite family members and the things they like about that member. They got the opportunity to stand and speak in front of a group.

Toddlers' Corner

JULY, 2022

HOOLA HOOP ADDITION

The concept of addition was taught through a play way method. The balls were arranged in big rings, the students were called one by one and they counted the balls. This helped them to picturise the concept and build their knowledge.

MY NEIGHBOURHOOD

Class 1 students were given stage exposure where they confidently explained the different neighbourhood places. They learnt voice modulation, body posture and speaking skills in the activity.

Toddlers' Corner

JULY, 2022

PUPPET MAKING

To enhance the imagination and motor skills of students, a puppet-making activity was done in grade 1. The students made puppets out of old socks. They decorated it with colours and ribbons. It created an element of surprise.

DIY- RANGOLI MAKING

Imagination is the spark that ignites creativity. A rangoli represents happiness, positivity, and liveliness in our lives. Our enthusiastic learners showed their creative skills to make a "DIY Rangoli" craft using old CDs which was coordinated with a chapter in EVS "Festivals and Places of Worship".

ROLE ENACTMENT

By taking on the role of character, children develop an understanding of different perspectives. Keeping this view in mind, the learners of grade 5 enacted the role of the characters based on the story, 'Tom and Aunt Polly'. Young children also learned life skills such as dressing themselves, how to cooperate, and share with others.

ENGLISH

SUMMARY STARS

Grade 4 students featured the key characteristics of a story on the cutouts of stars. They answered a few questions like giving a new title to the story, favourite character, a thing they would change and the most interesting part of the story.

बेटी बचाओ ,बेटी पढ़ाओ

‘बेटी बचाओ बेटी पढ़ाओ’ की शुरूआत प्रधान मंत्री ने 22 जनवरी 2015 को पानीपत, हरियाणा में की थी। ‘बेटी बचाओ बेटी पढ़ाओ’ योजना का उद्देश्य भारतीय नारी को शिक्षित करने और आगे बढ़ने के अवसर प्रदान करना है। कक्षा 5 के बच्चों ने अपनी पाठ्य पुस्तक ‘हम भारत की बेटियाँ’ पढ़ कर पोस्टर का निर्माण किया व भारतीय नारी की शक्ति और उनके कारनामों पर विचार प्रस्तुत किए।

संतुलित आहार व जंक फूड -कैसे पसंद करें?

जंक फूड का उपयोग घटाने और संतुलित आहार को बढ़ावा देने का संदेश देते हुए कक्षा चार के बच्चों ने संतुलित आहार व जंक फूड में अंतर बताया और बच्चों को संतुलित आहार के लाभ बताते हुए संतुलित आहार खाने के लिए प्रेरित किया। इस गतिविधि से उनके लेखन, और श्रवण उच्चारण कौशल का विकास हुआ।

PRESENTATION ON THE DEMOCRATIC REPUBLIC OF CONGO

The students of class V made brochures on the Democratic Republic of Congo and presented them in the class which included the location, climate, life of people, industries and important places of DRC.

SOCIAL SCIENCE

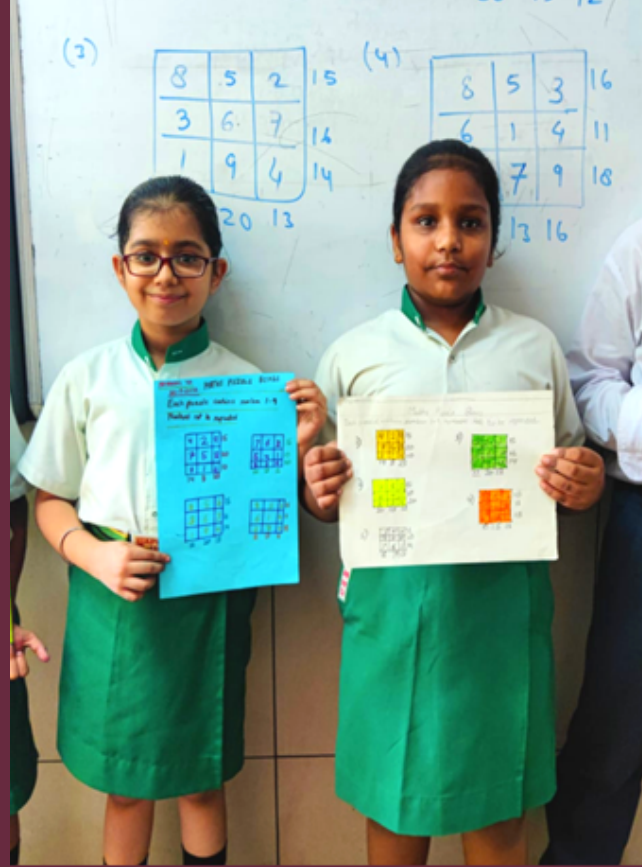

PRESENTATION ON GREENLAND

A presentation on Greenland was given by the students of class V which included the location, climate, life of people, industries and important places of Greenland. It helped them to grab the listener's attention, holding their interest, and concluding strongly.

MATHEMATICAL PUZZLES

Our young learners of classes IV and V participated in solving mathematical puzzles based on the concept of addition. They used the mathematical reasoning supported by the teacher. The students were helped by the teacher when they were facing difficulties to solve the puzzle.

MATHEMATICS

APPLICATION OF FRACTIONS IN REAL LIFE

The application of fractions was explained by the students of class V with the help of posters and presentations. This explanation was followed by a class discussion wherein their doubts were also taken into consideration.

SEED GERMINATION ACTIVITY

To learn about conditions that are required for the germination of a seed, an experiment was performed by the students using green moong dal and black gram. They kept it moist for a few days and observed the changes that occurred.

SCIENCE

SOIL EROSION

To observe the soil erosion as the cause of deforestation. Students did the activity wherein they observed that plant holds the soil which prevents soil erosion. They used objects in place of a plant, to be placed above the soil. The soil which was loose got eroded easily by wind than the soil in set A.
